

Corporate Philosophy

Helping Societies Advance through “Capital Solutions”

*Capital Solutions: The Company’s own term referring to the provision of solutions (“Solutions”) for a wide range of issues related to customers’ managerial resources (“Capital”).

Group Vision 2030

Be a solution company* leading the next-generation circular economy

*“Company” means a business organization and a group of colleagues (partners) that shares the same values.

Material issues

Business activity

- Promotion of decarbonized society and circular economy
- Promotion of establishment of social and ICT infrastructure
- Creation of new services and businesses to resolve social issues

Management foundation

- Investment in human capital
- Pursuit of corporate governance that supports improved corporate value

SDGs the Group can contribute to in particular

Principles (action guidelines)

Advance (Co-creation with customers): Take up the challenge of strengthening and developing services and creating new businesses, while continuing to resolve issues for customers and society.

Deepen (Deepen relationships with customers): Improve the quality of operations through IT utilization and digitalization, and build solid relationships of trust with customers.

Update (Corporate culture): Each individual employee embraces diversity and makes the most of their own potential.

True value (Corporate value): Aim to improve corporate value continuously by creating social value and economic value.
